In Sl. 63 the Heads of the principal Schools in the C & M station were consulted as to the expediency of postponing the Primary and Lower Secondary Examinations to next April. All except Baldwin schools have replied and their replies are as given below:-

For postponement	Against postponement
1. Wesleyan Schools	1. Convent Schools.
2. St. Joseph's college	2. St Andrews boys School
3. Arcot Narainsami's School.	3 — do — girls' — do —
	4 Bishop Cotton's.

with the exception of St Joseph's College, a great portion of whose pupils are natives, all European schools are against postponement, whilst Native schools are for postponement.

Under these circumstances the course proposed by Mr Marsden in Sl. 62 seems best - i.e postpone Primary Examination as regards Natives only to next year, the date being fixed hereafter. This will not cause

My dear Erskine

It is intended that nearly all the Native schools are closed. It will therefore be extremely difficult for Mr Scrimgeour to hold the Primary exam: in Bairnsdale for the native candidates at the usual time this year. I write to ask if you may postpone this exam: to some time next year which may be

hitherto heard. If I do not ob-
tain leave with any chance of
benefit in the Paris exam
I shall go on in the London
exam: but if it should be
four months before I get home
also I will write again.
The Plague may subside in the

turn to their work.

Sir,

We are quite prepared to have the two Examinations mentioned in your letter viz. the Primary and the Lower Secondary, held next month. Very few pupils from those classes have left our School and on the other hand it is very uncertain, whether those who are present now will return to us after the Christmas holidays or not. So it would be a disappointment and a disadvantage to us if these examinations were postponed.

Sir,

I have the honour to acknowledge receipt of your letter, No: 6353, dated 28th Nov: 1898, and to inform you, in reply, that the attendance in the Primary and Lower Secondary Classes, now that most of our pupils have been inoculated, is very good, and that it would not be desirable that these Examinations should be postponed,

especially as such a course would retard promotion to the higher classes, and would probably, be regarded as a hardship after the payment of fees for those examinations. The small attendance of pupils in the Schools, situated as they are in close proximity to areas infected with plague, is no criterion as to the number likely to be present at these examinations especially after the payment of fees.

The Madras Lower Secondary Examination is a Co to be held in St Andrew's from the 1st to the 6th December - I think, therefore that all Candidates, willing to attend, should be allowed to do so.

Sir.

I do not consider it advisable to put off the Primary & Lower Secondary Exams till April. The plague may be as bad then as now. Several parents may be wanting their sons to pass the L.S. in December & to fill some billet (now vacant) by January. Delay would further mean the loss of three months progress to these

who deserve to be getting
on. I do not see why
those who boys rights who
have stayed out the plague

I shall esteem it a great favour if you will kindly let me know if any definite instructions have been issued about the Lower Secondary and Primary Examinations. Are they to be held, or are they postponed? If they are to take place, can you let me know the probable dates?

Owing to the serious illness of the Principal, the Rev. Mr. Toussaint, I have

been instructed by the School Committee to close the Schools, a little earlier than usual - especially as there has been a fatal case of plague among the day-scholars. We are most anxious therefore to send our boarders to their respective homes for the vacation, and as some of them should appear for their Examinations I shall be very much obliged if you could let me know whether they are to be held or not.
